Governor Cooper,

I am writing to urge you not to support the building of the Atlantic Coast Pipeline. Natural gas is no cleaner or safer than coal or oil. Leaks will happen. It will damage our wildlife and our people. The consequences are too great. I sympathize with those who hope this will bring jobs to their areas. but that is a short-term solution to issue of joblessness in North Carolina, I believe the state should focus job creation on solar and winder energy.

Thank you,
Sydney
